### **Premier Pain & Spine, LLC Care Team**

Thank you for Choosing Premier Pain & Spine, LLC for your pain management needs. We are constantly striving to provide you with the utmost in patient care.

Our practice is divided into Care Teams. Each Care Team consists of a physician, a physician assistant, a nurse practitioner, and medical assistants, who collaborate on your case to provide exceptional care. Most follow up visits will be managed by either the physician assistant (PA) or the nurse practitioner (NP). The PA or NP will always discuss your case personally with the physician and all changes will be verified with them.

Although we always try to honor a specific request for providers, we cannot always accommodate all requests. Specific requests may result in significantly increased wait times. All of our providers offer exceptional care, and can address your pain.

*I have read the above policies (or it has been read to me). I have had a chance to have all of my questions answered to my satisfaction and understanding.*
